

draft audit report trainings

The New York City Campaign Finance Board (CFB) offers Draft Audit Report trainings.

This training helps your campaign understand the post-election audit process and the Draft Audit Report. During the training session, we review common types of CFB audit findings, make some basic recommendations, and offer tips to help you organize your campaign's response.

To schedule a training session, contact the Candidate Services Unit at (212) 306-7100 or CSUmail@nyccfb.info. Trainings are held at the CFB offices (40 Rector Street, 18th Floor). We will contact you to confirm the day before your scheduled training date.

For more information on the post-election audit process and frequently asked questions, visit the Post Election menu found on our website (www.nyccfb.info/candidates).
