Candidates Opposed	Corey Johnson

**Failure to report contributions**

**\$27,000**

Independent spenders that report \$5,000 or more in covered expenditures referring to an identifiable CFB-covered candidate are required to report all contributions they receive from organizations beginning January 1 of the year preceding the election, as well as contributions from individuals that aggregate to \$1,000 or more in the 12 months preceding the election. *See* Board Rule 14-02(d).

In its reporting to the New York State Board of Elections, the Spender reported four contributions that are not reflected in its disclosure filings to the CFB: Maggie Williams (\$5,000 received June 29, 2021), TIDES ADVOCACY (\$500,000 received October 5, 2021), Working Families Organization (\$200,000 received October 15, 2021), and New York Nurses Association (\$2,000 received November 1, 2021). The contributions were reportable to the CFB, but the Spender did not disclose them.

The Board assessed total penalties of \$27,000 for these violations.
