

5th City Council District

Micah Z. Kellner (WF)

My name is Micah Kellner and I am running to represent Manhattan's 5th District in the City Council. As your Assembly Member, I've been representing the East Side, Yorkville and Roosevelt Island for the last six years, and I've been making a difference when it matters most. I've already fought and delivered for our communities. I helped bring four new public schools to our district; forced the MTA to implement tougher air quality regulations on the Second Avenue Subway project; led the fight against the City's proposed E. 91st St. 10-story garbage dump at Asphalt Green; delivered millions of dollars in capital funds for public open space like Carl Schurz Park and FDR Four Freedoms Park; and worked to generate new jobs with initiatives like the Cornell-Technion School on Roosevelt Island. As a legislator, I've fought hard for our communities — and won. I've written laws to crack down on drivers who injure pedestrians, and to prevent insurance companies from unfairly raising prescription costs. On the City Council, I'll continue to help lead the fight for equal rights for all, including for people with disabilities and LGBT New Yorkers. With City government facing turnover at every level, we're going to need experienced leaders to make critical decisions. As your City Council Member, I'll continue working hard to improve our quality of life and leading the fight for better public education, mass transit, public health, and a cleaner environment. With my proven record of making a difference when it matters most, I am the candidate best able to fight and deliver for the 5th Council District. I hope you will support me in this election! Thank you.
