

20th City Council District

Peter A. Koo (D, C)

I am honored and humbled by the support shown to me by so many people in our community and this great city. I am truly blessed to be afforded the opportunity to serve you all in the New York City Council. The faith that you have bestowed on me as your City Council representative is truly humbling and something I take with great pride, care and importance. During my first term in office I have worked tirelessly to help promote real positive change and have fought to bring necessary services and funding to our community. I am proud to announce that my office has resolved over 6800 community-based complaints and has secured over \$15 million in City funding for our district thus far. In my first term, I have worked with my fellow elected officials and community leaders to remove illegal commuter buses from our streets, secure funding for much needed security cameras in downtown Flushing, provide free flu shots to those in need, sponsor numerous educational workshops and community events and implement new traffic signals and controls to make our streets safer for motorists and pedestrians alike. When reelected, I will continue my pledge of being a voice in government that stands up for the hard working residents of my district. I will continue to strive to improve our quality of life here in the district, to fight for needed capital projects and to protect vital services. I am proud to have the opportunity to serve you and your interests in the New York City Council and look forward to working with my colleagues to achieve wonderful things for the people of New York City.
