

29th City Council District

Karen Koslowitz (D, WF)

Hello, I am Karen Koslowitz and I am running for re-election in the 29th Council District. As we start to rebuild our city, after years of economic turmoil, we need public officials with the right combination of experience and judgement to protect the interests of hard working middle class families. I have a strong record of fighting for my constituents. I have always put the needs of my community first. During my years as a Council Member I have secured tens of millions of dollars to improve and enhance our schools, parks, roads, playgrounds, libraries and Arts and Cultural institutions. As Chair of the Economic Development Committee, I have strongly advocated for policies that benefit the working and middle class. As a mother of two daughters, I know that our children are our future and we must provide them with the tools they need to succeed. I have been firmly committed, both as a parent and a public official, to providing the very best quality of education to our students. I have worked tirelessly to restore funding for child care slots and much needed after school beacon programs. I have also been a leading voice in advocating for the rights of senior citizens. When proposed budget cuts threatened to severely cut the level of services to our seniors, I fought to secure the necessary funding for full service senior centers, meal delivery programs and assistance with benefits and entitlements. There is a great deal more to be accomplished and that's why I am running for re-election. I will continue to bring needed services to the 29th Council District, and fight every day to improve our city. I thank you for the privilege and honor of serving you, and I am once again asking for your trust and confidence at the ballot box this fall. Thank you.
