

40th City Council District

Sylvia G. Kinard (RTH)

Hi, I'm Sylvia Kinard and I'm running to serve as your City Council Representative. The 40th District is a rich and culturally diverse mix of amazing neighborhoods and wonderful people. We have everything from beautifully preserved homes to large pre-war apartment buildings. But we also have our share of problems. And that is why I am running in this race, because I believe that you deserve more than another four years of business as usual. You deserve a representative who will fight to make Brooklyn better for you and for your families. I grew up in this community, attending PS 181 and graduating with a regents diploma from Erasmus Hall High School. My family attended Salem Missionary Baptist Church. I later attended Seton Hall University and New York Law School. I served as the Senior Legislative Attorney for the City Council where I worked on immigration and health care legislation. I developed affordable housing as the Assistant Commissioner and Deputy Counsel for the state Division of Housing. I developed education policy as a member of Community School Board 13. I served in these positions because I care enough about people to fight for them. I will stand up for you and make sure that the children of this District get better schools, that working and middle class families pay fair rents, that the unemployed have access to decent jobs and that all workers are paid a wage you can live on. I'm Sylvia Kinard and I ask for your vote on Election Day.
