

## **Mayor**

**Jack D. Hidary** (CS, JE)

Hi, I'm Jack Hidary. As a Brooklyn native I care deeply about the future of our city. While the city has made good progress, we still have a long way to go to bring the dream of New York to all New Yorkers.

Too many New Yorkers are out of work, or are struggling to make ends meet with low-paying jobs.

My plan will create thousands of new jobs in our city and provide training for New Yorkers to secure higher-paying positions.

As a successful business owner, I have the unique experience needed to grow New York's economy.

My first company has connected Americans with millions of jobs.

I believe that we must create economic opportunity not only in Manhattan but in all five boroughs.

For New York to continue to grow, we also need great schools, a safe city and affordable housing.

A great education is the key to every child's future, but our schools are failing too many of our kids.

Having spent years working in education, my plan will innovate the classroom experience and deliver job-ready graduates.

A safe city is key to maintaining a record 52 million tourists coming to New York each year and fueling our economy.

Finally, affordable housing is critical to keeping low and middle-income families in NYC who are being squeezed out by the high cost of living.

I am not a career politician. I am a business owner who has built and run several successful businesses.

My strong management experience, combined with my work in schools and low-income job creation has prepared me to lead NYC into an exciting future.

I hope I'll have your support and vote on November 5th so we can grow New York into the city that provides opportunity for all of us.
