So happy to be able to contact you concerning this situation. I was concerned about the "All Voters Instructions Primary Election." It was inadequate at best. If I did not have the instructions from the Jerry Nadler campaign to follow my absentee ballot would not have been correct. I am very concerned about the election in November.

The Board of Elections wrote " Mark only with pen and Pencil"?( Pencil ?)  
Also made no mention to "Sign and date the back of the smaller envelope." "seal and put it in the larger envelope"

I am concerned that this was not mentioned in the voter instructions and could be easily over-looked by voters filling out the application.

Some one should be proof reading these instruction to make voting easier and correct.

Thank you
