

David Keith

Hello,

I am submitting testimony for your upcoming hearing. I submitted an application for an absentee ballot on the 11th, before your deadline. It is the 24th, and I still have not received my ballot despite the official primary date being yesterday. My legal rights are being trampled upon, and I am disgusted by our Board of Elections and state government for not addressing this. I have seen hundreds upon hundreds of people on social media alone complain about this problem. Our votes matter. EVERY single person who submitted an absentee ballot application before the state's deadline deserves a ballot period, and our votes deserved to be counted for these primaries. Please do whatever in your means possible to achieve this.

Sincerely,
David Keith
