

Ella Cohen

My name is Ella Cohen

Hello, I'd like to give testimony. I requested my ballot on 5/30/20 and never received it. NYC BOE Twitter told me via private message after I provided my name and address: "Your absentee ballot was received and successfully processed by our staff and was sent to our vendor for mailing. Please call 866-VOTE-NYC for more info." However, when I called that number, I was told the ballot was never mailed and that there was nothing that could be done. I'm out of my district and was unable to vote in person. I was disenfranchised and am very upset.
