

To whom,

I work with the Rise and Resist Elevator Action Group in coalition with CIDNY, Rider's Alliance, TransitCenter and other groups advocating for disability rights across the board.

My personal issue simply is, I sent in a request for an absentee ballot by mail for the primary and the ballot never came. I've heard this from many others and it's a warning for November. I am going to start pushing for people to participate in early voting if they are able and not mail in ballots as the NY Board Of Elections has failed miserably and we're also not sure how deeply the USPS dropped the ball as well.

Thank you, John Walker, Hell's Kitchen
